SILVERCRETE'S CONCRETE HOUSE AND GARDEN ACCESSORIES

Silvercrete's garden accessories include our garden borders, garden edging, garden lawn edging, tree surrounds, novelty pavers and circular pavers which can all be used in a garden setting. We stock this range in plain grey but colours can be made on application.

These products can be used for garden edging, separating lawns from gardens, creating garden beds, creating and linking pathways. Our novelty pavers have many uses including but not limited to; paths, gardens features and children's play and areas just to name a few.
